

Overview of the 2024 ICBSC

In the spring of 2024, the 60th International Collegiate Business Strategy Competition (ICBSC) will be hosted by California State University, Long Beach. It will begin in January 2024 with starting positions and materials distributed to participants. The first decision round is scheduled for January 30th. It will culminate on April 18-20 with a three-day on-site intensive phase in Anaheim, CA followed by a Saturday afternoon awards ceremony. We are very excited about our 60th competition in 2024.

The Competition utilizes the Business Policy Game, an international simulation, designed to enable advanced business students to integrate and apply the theories of their business courses. The students become strategic managers of simulated companies competing against other business students acting as managers of their own companies. The simulated environment incorporates the economies of two countries and requires consideration of global and domestic strategy.

Our competition is unique because in addition to the simulation, the competition also includes interaction with a judging panel. The judges act as the Board of Directors for each team. Teams make presentations and judges provide feedback. While we include some savvy business strategy faculty, most of our judges are industry executives. Our judging panels have included high level executives such as current and past Vice Presidents of Northrop Grumman, Juniper Technologies, Bank of America, PriceWaterhouseCooper, Pacific Gas and Electric, Shamrock Foods as well as many other companies.

The international competition starts with student teams organized into undergraduate and MBA “worlds,” with four to six teams in each “world” competing directly against each other. Trophies are awarded separately in each “world.” The Competition extends over five simulated years, one calendar quarter at a time.
